

# RADIANT HEATER TUBES

QualFab specializes in both cast and fabricated radiant heater tubes for all types of furnace equipment.

## THE QUALFAB ADVANTAGE:

- Various designs, including: U, W, S, O, P, Double P, and straight tubes as well as recuperator tube bundles
- With or without flanges, insulation, bellows, or collars
- Strict attention to material selection, joining specifications and inspection procedures
- Specialized testing available, including dye-penetrant, pressure testing, x-ray, and internal video
- Dedicated tube mill for one seam continuous tubing
- Latest digital welding techniques for automated longitudinal welds

**Tube Rebuilds Available**
